

SPOOKY SPOTS
OF WEST VIRGINIA

TRANS-ALLEGHENY
LUNATIC ASYLUM

FIELD GUIDE

- ☐ Fully charged cell phone
(You'll want to snap some pictures on the tour)
- ☐ Cash or credit card
(this won't be a cheap trip)
- ☐ Snacks for the car ride

ITEMS TO BRING

The Trans-Allegheny Lunatic Asylum can be found right off the main road in the town of Weston. Being the largest building in the town it is hard to miss. Parking is available right next to the building. Save your GPS searches as cell phone service can be spotty in these parts.

DIRECTIONS

The Clock Tower
The clock tower is one of the most distinct features of the building, and during the historic tour you will get a close view if you step out onto the balcony outside of the administrator's quarters.

The Cells
During an unguided portion of the tour, you can look through the cells that unruly patients were kept in.
